As seen at Oxford Kids Camp, Groove Theatre Company, and Eastern Shore Dance Academy

Calling all students passionate about make-believe!

After-School Program & Small Group Ensembles

This program covers a wide array of topics relating to Theatre, Acting, and Storytelling. Part acting class and part creative adventure, we will explore the following concepts and topics together:

- Character Building
- Imaginative Games
- Improvisation
- Shakespeare & Classical Verse
- Movement & Physical Awareness
- Playwriting & Storytelling
- Musical Theatre
- Art as a Social Tool
- ...and more!

Students will hone their own creative instincts as well as learn to support one another collaboratively. They will put these instincts into practice while fostering real-world skills, such as public speaking, self-

confidence, quick thinking, and transforming their ideas into reality. **can be adjusted to suit groups ranging from 3-12 students*

Individual Instruction

Posie offers one-on-one instruction in the areas listed at left, or any combination thereof. These lessons are for students who desire more individualized attention or a personalized curriculum — I will work with you to create a structure and creative focus that is ideal for your child.

Your student will not only work with me as their instructor, but as their collaborator, too; receiving their ideas and contributions with care, investment, and flexibility.

- *Programming available for at-home and in-school environments — I come to you!*
- *Classes are modified to suit all skill levels.*
